

FAQ's

**What is the Moodle?**

**Moodle stands for Module Object-Oriented Dynamic Learning Environment!!**

**Moodle** is our school's Virtual Learning Environment (VLE). It is a type of interactive school website and it contains information and activities relevant to the children in our school. It helps to keep parents up to date with day to day school life and promotes a partnership between school and home. It gives children freedom to use and explore an internet based learning site that is both safe and fun to use.

Save the site in your favourites.

All our pupils, staff, governors and parents/carers need a username and password to access activities on Bransty's Buzz.

**Do you know yours?**

What can I do, I've forgotten my password?

*Try to use a password that is easy for you to remember but if you really forget it, please contact school and we will arrange to have it reset. (We do not keep a record of passwords for safety reasons.)*

Why do I need separate login details to my child?

*In order to encourage e-safety awareness it is important that the children know that they must never share personal information such as passwords. It also means that you will have access to additional information about school.*

How can I get a parent login?

*Please contact school with your name, child's name and your email address (if available but not essential) and we will provide login details for you.*

I know my details, why can't I login?

*Moodle is case sensitive, so make sure your CAPS LOCK isn't on and check for spaces.*

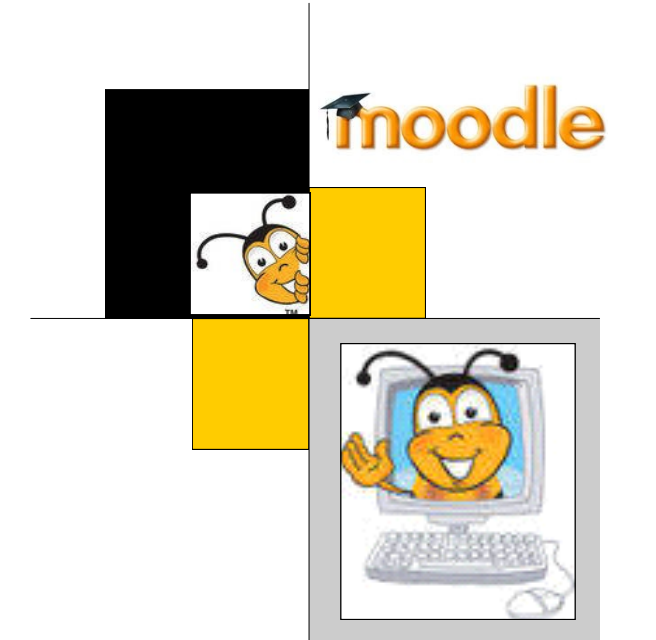

I've logged on but when I clicked on a button Moodle said that the course was not enrollable. Why?

*All of the Moodle users are assigned to courses which are relevant to their needs. If you feel that you should be able to see something, please let us know.*
